Meals on Wheels greatly benefits community

I am sure that we have all heard about the "Meals On Wheels" program offered in our area and perhaps even know someone, a relative or friend, who receives this service.

I had the opportunity to meet some of the staff and volunteers who work out of the Lancaster Senior Center and ride with Frank Maddock on his route.

What a great program. These people have routes assigned to them, load their personal vehicles with hot

and cold meals, and start out on their mission.

Frank and I had an easy day, six stops in all. Each one of the recipients was waiting and most appreciative of our visit.

I am most impressed with this program and the people who so generously donate their time to provide their neighbors with a visit and a hot meal.

Perhaps in some cases, this is the only contact some of the clients get each week.

I am proud of and commend these volunteers and so many more in our area who help maintain and improve the quality of life for

our residents and appreciate the invitation to learn more about this program.

If you have some spare

time, give Meals on Wheels a call. They can use your help.

William Schroeder
Mayor
Village of Lancaster
